

Directions to SDM, Keio University, Hiyoshi Campus

Take a Minato Mirai Line (the closest station to the Yokohama Symposia, Conference Venue is Nihon Odori Station) and take a local train and get off at Hiyoshi Station.

Even if you take a train in the opposite direction, the stop next to Nihon Odori Station is Moto Machi Chukagai Station, the last stop of Minato Mirai Line. So do not be afraid.

Take a train headed for Yokohama direction. The time from Nihon Odori Station to Hiyoshi Station is about 20 minutes or so.

Once you get off at Hiyoshi Station, turn right when you go through the exit and cross the street in front. SDM building is on your right and Doctoral Workshop will be held in multi-purpose class room No.2 on the 2nd floor of SDM.
