

Nissan Oppama Factory Visit

Deadline of Application

June 10

First come, first served up to 30 persons

Tour Time and Date

14:30-16:00, July 9

Transportation

We will take trains from Nihon-Odori Station, Minato Mirai Line. 3 minute walk away from the conference site, Yokohama Symposia, to Oppama. It takes about an hour and a half by train. Due to traffic jam, we will take trains. Your understanding is appreciated.

Tour

After the explanation about Nissan and their Oppama Factory, we will visit their assembly and inspection lines, followed by a tour to their wharfs. We move around in their factory by bus. So the number of participants are limited up to 30 and we will be divided into two groups when we move around in buses. After the tour, we will meet again and have 30 minute questions and answers.

Nissan Oppama Factory is producing Nissan Leaf, a 100% EV and other compact cars.
